Bee Central Appraisal District News

4TH QUARTER 2026

As we wrap up another busy year, we would like to thank the property owners, taxing entities, and citizens of Bee County for your continued cooperation and support. We appreciate the opportunity to serve our community and remain committed to providing fair, accurate, and equitable appraisals while delivering excellent customer service.

2026 Appraisal Roll Certified

The 2026 appraisal roll has been certified and submitted to the taxing entities. We appreciate the time and dedication of our Appraisal Review Board members, staff, and property owners throughout the protest process. Their participation helps ensure a fair and transparent property tax system.

Planning for the 2027 Appraisal Year

Our staff has already begun preparing for the 2027 appraisal cycle. During the coming months, appraisers will continue reviewing properties throughout the county to verify property characteristics, inspect new construction, review business personal property, and discover any changes that may affect property values.

If you see our appraisers in your area, please know they will be carrying identification and driving clearly marked district vehicles.

Agricultural and Wildlife Management Reminders

Property owners with agricultural or wildlife management valuations should continue to maintain records supporting the qualifying use of their property. If ownership or land use changes, please notify our office as soon as possible to ensure your records remain accurate.

Staying Connected

We encourage property owners to visit our website for forms, exemption information, frequently asked questions, important deadlines, and other helpful resources. Updated property tax information is available on our website in English and Spanish. Our staff is always available to answer questions and assist you with your appraisal-related needs.
